

RISC Debrief Meeting

Wednesday, August 14, 2013

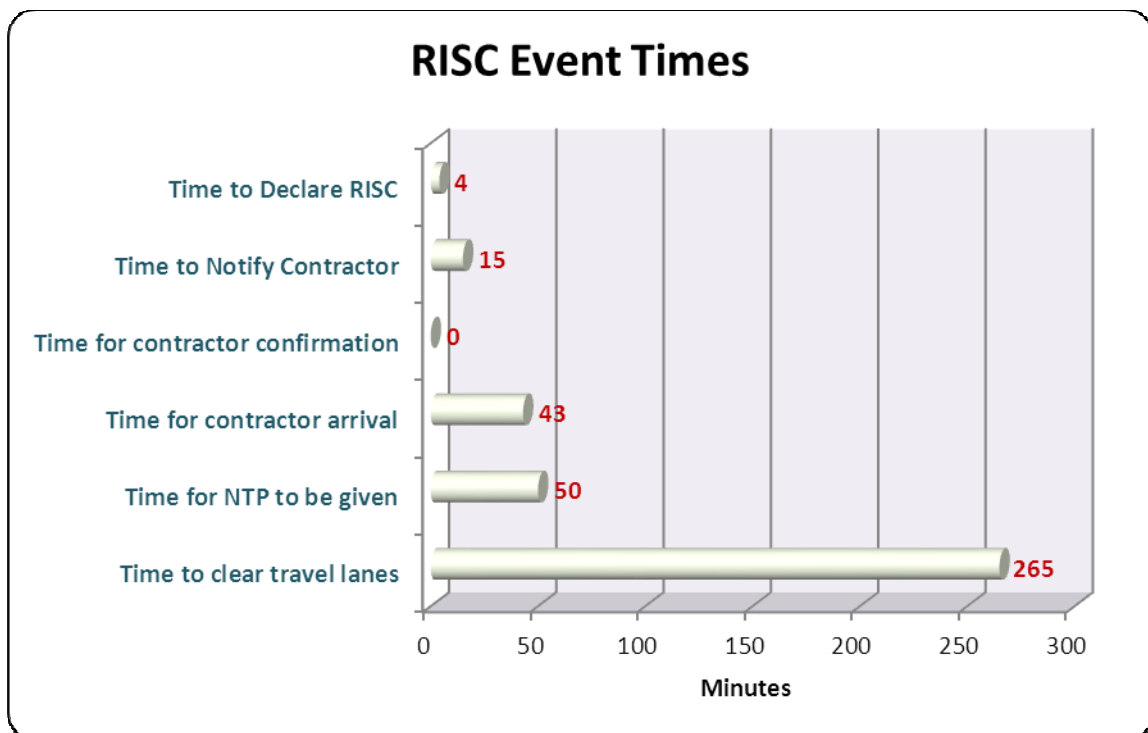

Meeting Minutes

Purpose: Review the RISC Incident to determine successes and areas of improvement for all responders and the TIM Team as a whole.

Date/Time: June 15 at 6:13 AM

Location: I-75 NB at US 441

Preliminary report: Overturned semi, fuel leak and grain spilled

- Crash occurred 6:13 AM
- Exit ramp blocked 6:14 AM
- RISC activation declared by FHP 6:17 AM
- University Towing notified and confirmed RISC 6:32 AM
- University Towing arrived on scene 7:15 AM
- University Towing given "Notice to Proceed" 8:05 AM
- RISC (University Towing) departed; travel lanes cleared 12:30 PM
- Scene cleared 12:37 PM

The list of meeting attendees, the Meeting Agenda and the RISC Incident timeline are attached to these meeting minutes.

- This meeting is to discuss the RISC event that occurred on June 15, 2013 on I-75 northbound at US 44/Exit 399. The crash involved a semi-tractor trailer and closed the exit ramp. It occurred on a Saturday and it was raining during the incident. The median guardrail was damaged. There was a fuel spill of about 8 to 10 gallons and cow feed was also spilled over the road which lengthened the time of clean-up and thus the 90-minute clearance goal was not met and the bonus was not awarded.
- A brief overview of the event was presented to the team showing who responded to the incident and a general timeline.
- Agencies responding to the incident were asked to provide comments.
 - DEP
 - The agency had no comments.
 - FHP
 - The agency explained that the RISC was likely called because the exit ramp was closed and because there were rubbernecks and clearing the incident quicker would reduce congestion and other negative impacts of rubbernecks.
 - Alachua Sheriff's Office
 - The agency had not comments.
 - TMC Report
 - The agency had no comments.
 - FDOT Maintenance
 - The agency had no comments.
 - Fire Department
 - The agency had no comments.
 - Wreckers – University Towing
 - The agency had no comments.
- Meeting Adjourned
