

# Alachua/Bradford TIM Team Meeting Wednesday June 11, 2014

## Meeting Minutes

- Donna Danson opened the meeting by welcoming everyone and stated the purpose of the meeting is to work together as a team and learn from each other.
- Donna then asked everyone to introduce themselves. She also introduced Josh Reichert, the new District Two ITS Program Supervisor. The sign-in sheet is attached to these Meeting Minutes.
- Following introductions, Donna stated she had not received any corrections for the last set of Meeting Minutes, so as of now they are approved.
- Ed Ward provided the EOC Update
  - Not much going on other than a lot of rain.
  - Ed mentioned that he has been updating the Continuity of Operations Plan (COOP).
  - The Hurricane Conference was held last month in Orlando. Dr. Grey predicted 9 named storms, 3 hurricanes and 1 major hurricane.
  - Josh described the service patrol, heavy wrecker, van transport, and fuel supply contracts that have been developed to improve the flow of traffic in the event of an evacuation.
- Gina Busscher gave the Construction Project Update.
  - There has been Railroad work with closures on US 301. The project should be complete and reopened today if there is no rain.
  - Rebecca White mentioned the railroad crossing replacement on SR 121 went smoothly as well.
  - The I-75 and US 441 Interchange Project is now 50% completed and should be completed by winter 2015.
  - The I-75 ITS Project is in the trenching stage and is up to Paynes Prairie and should be completed by winter 2015 as well.
  - The first phase of the US 441 Resurfacing Project is almost complete.
  - There are 2 new upcoming Sidewalk Projects:
    - NE 177<sup>th</sup> Pl. & Waldo

➤ SR 121 at US 441

- Craig Carnes gave the ITS/511 Update.
  - There is discussion from Central Office on moving the DMS on US 441 southbound before Paynes Prairie back a mile towards SR 121 on the I-75 Project.
  - Metric Engineering won the design for the I-75 Project in Alachua County north to the Georgia State line. There will be 2 different phases, one this year for the entire conduit infrastructure, and the other next year to put in the devices, power services, etc.
  
- Donna led the Agency Reviews.
  - FHP
    - FHP mentioned that Captain Fincher has been having health issues but is getting better and will hopefully be back soon.
    - Major Spalding has transferred to Troop G from Troop B. Captain Powell is said to be promoted to take Major Spalding's position.
    - The second part of "Staying Alive on I-75" is on June 27<sup>th</sup>-29<sup>th</sup> and will be stressing the public to move over for responders.
  - GPD – Not present.
  - Medical Examiner – Nothing to discuss.
  - FDOT Maintenance – Nothing to discuss.
  - DBI / Asset Management – Nothing to discuss.
  - Alachua County Fire Department
    - There will be a large multi-agency training drill at the Oaks Mall on June 22<sup>nd</sup> from 7-11 a.m.
  - Emergency Management
    - Brian Johns led a discussion on the procedures taken for calling the State Watch Office and the FDOT being involved in the notification process.
  - Wrecker Association
    - An event called "Touch a Truck" was held last month which included various organizations including highway patrol and the fire department. It was very well received by the public.
  - Division of Forestry
    - Jamie Rittenhouse gave a report for Alachua and Bradford Counties. Since the last meeting there have been 2 wildfires in Alachua County which burned 0.6 acres, 940 authorized burn piles, and 497 authorized fires for a total of 2,573 acres. There have not been any wildfires in Bradford County since the last meeting. There have been 137 authorized burn piles, and 50 authorized fires for a total of 13 acres.
  - FDEP-BER / Alachua Environmental
    - Chris Gilbert stated the accident on April 15<sup>th</sup> on I-75 resulted in diesel on the Interstate. FHP asked the Micanopy Fire Rescue to wash down the Interstate, which is unacceptable and resulted in a larger clean up to clean the soil instead of just the Interstate lanes.
  
- Donna led the Incident Debrief.
  - The incident list is attached to these Meeting Minutes.
  - The incident on June 2<sup>nd</sup> on US 301 and CR 1474 was discussed at length. Chris discussed issues of whether or not the train was carrying hazardous materials. BJ Hock noted that the lane was closed for safety due to the media and onlookers.
  
- Craig Carnes provided an update on the SHRP II Incident Management Training Course.

- Donna mentioned a nationwide training update with the FHWA she attended where it was stated that Florida is 5<sup>th</sup> in how many people have been trained.
- If anyone is interested in the SHRP II Incident Management Training Course please see Craig. He stated he will work with any agencies' schedules, including nights and weekends to make the training course available.
- Announcements:
  - Next Alachua/Bradford Traffic Incident Management Team meeting will be August 13, 2014 at the FDOT Gainesville Operations Office – 5301 N.E. 39<sup>th</sup> Ave., Gainesville, Florida.
  - The TIM Newsletter should be coming out soon.
  - Donna will be emailing Team members the form for the Team assessment to be discussed at the next meeting.
  - Diversion Routes are in the process of being updated so Donna asked anyone who may notice a Diversion Route with issues to please inform her.
  - The Local Open Roads policy is being re-done and will be sent out for signatures soon.
  - Brian Walkington presented the Team with a handout regarding Jorgensen's duties as well as commonly asked questions and answers. The handout is attached to these meeting minutes.
- Donna thanked everyone for their attendance and participation.
- Meeting adjourned.

REVISION DATE: March 1ST, 2014

**DISTRIBUTION:** Traffic Incident Management Agencies Bradford County, Florida

**SUBJECT:** Bradford County Traffic Incident Management—Jorgensen Contract Services, LLC.

Jorgensen Contract Services, LLC. ("JCS" or "Jorgensen") presently performs the Asset Maintenance Contract—Bradford County (Contract ID: E2R43) for the Florida Department of Transportation (FDOT). Jorgensen's 24/7/365 responsibility on the roadway began at 12:00 a.m., January 1st, 2014 and will continue on a 7-year term. In addition to routine maintenance activities, the scope of work for this project includes operational traffic incident management on approximately 70 center-line miles of the Bradford County arterial state roadways (US301/SR200, SR16, SR100, SR18, SR21, SR230). As part of the contract, Jorgensen shall manage and perform emergency roadway maintenance and traffic incident response. Typical incident management activities Jorgensen will perform include: initial response and mobilization to traffic incidents, temporary maintenance-of-traffic (MOT) device set-up, emergency lane closures for law enforcement/fire rescue, emergency detour routes, mobile MOT operations, debris removal, temporary sign installation for smoke/fog (requests from law enforcement only).

Should there be a further request for information, roadway maintenance or emergency response, within the Bradford County state arterial road right-of-way, please see contact information below:

- Primary JCS Contact: *Brian Walkington (Operations Manager)*
- JCS Office Telephone: *(904) 778-2828 (24/7/365)*
- Primary JCS Cell Phone: *(904) 445-8565 (Operations Manager)*
- Email: [brian\\_walkington@royjorgensen.com](mailto:brian_walkington@royjorgensen.com) or [jcs\\_jaxcustomerservice@royjorgensen.com](mailto:jcs_jaxcustomerservice@royjorgensen.com)
- Jorgensen Project Office: *530 Ellis Road, Bldg. 100, Suite 105, Jacksonville, FL 32254*
- Maintenance Yard: *SW County Road 100A/Edwards Road, Starke, FL 32091*

In the event of traffic emergencies requiring temporary MOT device set-up on the state roadways of Bradford County please contact Jorgensen directly. Jorgensen is required to response to traffic emergencies within 60 minutes and follows the FDOT "Open Roads Policy".

On behalf of Jorgensen and as representative for FDOT we are excited to service the Bradford County state roadways and apologize, in advance, for any inconveniences these operations may cause. Please contact us if you have any questions, concerns, or requests for maintenance support within the County.

Regards,

Roy Jorgensen Associates, Inc.

*Maintaining The World Around You*

**Brian Walkington**  
Operations Manager

Office: (904) 778-2828  
Fax: (904) 781-2269  
Email: [brian\\_walkington@royjorgensen.com](mailto:brian_walkington@royjorgensen.com)

**Typical Questions and Answers: Jorgensen Traffic Incident Management**

**QUESTION: Why am I receiving this document?**

ANSWER: *You are likely apart of the emergency response team for Bradford County and will regularly see Jorgensen on the roadways or in relevant agency meetings.*

**QUESTION: Who is Jorgensen?**

ANSWER: *Jorgensen Contract Services, LLC., aka JCS or Jorgensen, is an Asset Maintenance Contractor for the Florida Department of Transportation. Our services are rendered directly from the FDOT; we are a professional consultant and operational roadway maintenance service provider.*

**QUESTION: What is Asset Maintenance?**

ANSWER: *FDOT uses an asset maintenance (AM) contract to out-source operational and maintenance requirements of defined state roadways in Florida. AM refers to the contracting method, one, which typically includes a long term (7 year) and comprehensively covers requirements 'fence-to-fence'. In addition to roadway maintenance, AM responsibilities also include operational responsibilities: responding to traffic incidents and setting up lane closures, etc.*

**QUESTION: What is included traffic incident emergency response?**

ANSWER: *Traffic incidents occurring on the roadway typically require temporary cones, barricades, traffic signal arrow-boards, and closures. Jorgensen has the responsibility to set these devices on traffic incidents occurring on state routes in Bradford County. These devices are needed to protect emergency responders, including: Jorgensen, FHP, Law enforcement, tow operators, HAZMAT contractors, and other parties directly involved.*

**QUESTION: How do I contact Jorgensen?**

ANSWER: *Jorgensen is required to respond 24/7/365 to requests for emergency maintenance and traffic incident MOT response. Call (904) 778-2828 and speak to a live operator.*

**QUESTION: Is there a fee to call or request Jorgensen's incident management services?**

ANSWER: *There is no fee to request Jorgensen's emergency IM services. The Department pays Jorgensen through an Asset Management Invoice to respond to the traffic incident management requirements on the State routes.*

**QUESTION: Where does Jorgensen work?**

ANSWER: *Jorgensen can only respond to IM requests on the state FDOT Bradford County right-of-way routes (US301/SR200, SR16, SR100, SR18, SR21, SR230). Jorgensen is not authorized to perform services on local, City, or County municipal routes.*

**QUESTION: Is there a limit to Jorgensen's responsibility during incident management response?**

ANSWER: *Jorgensen is not a scene commander. During incident response, Jorgensen supports the local Law Enforcement or agency responsible for the traffic incident scene. There are limitations to the level of services Jorgensen is authorized to perform. Contact Jorgensen directly for these IM limitations. Examples of exclusions: tow-truck/wrecker services, HAZMAT spill clean-up, bridge/structural damage repair, any law enforcement activity*

SunGuide ID	Type	Date/Time	Location	Description	Duration
193487	Crash	04/10/2014 15:48:27	I-75 Southbound, At MM 398	Outside lane blocked due to vehicle fire; involving a camper and GMC Envoy	2.4
194416	Crash	04/18/2014 18:21:11	I-75 Northbound, Beyond MM 388	Right and middle lanes blocked; guardrail damage; injury accident	2.4
195284	Crash	04/26/2014 00:29:38	I-75 Southbound, At SR-222/NW 39th Ave	Left and center lanes blocked; rollover with debris in roadway; Ford Focus vs semi; injury accident	2.3
195640	Crash	04/29/2014 18:48:18	I-75 Southbound, At MM 379	2 left lanes blocked (all lanes blocked about 20 minutes); vehicle fire	3.6
196038	Crash	05/02/2014 13:08:56	I-75 Southbound, At SR-121	2 right lanes blocked, left lane partially blocked. Traffic getting by on left lane/left shoulder; injury accident	3.4
196494	Crash	05/07/2014 00:41:53	I-75 Southbound, Before MM 375	Left and center lanes blocked	2.5
196955	Crash	05/11/2014 16:02:20	I-75 Southbound, Before MM 391	left lane blocked; semi vs sedan; gouge in roadway but DBI said it was okay to drive over; injury accident	4.3
196967	Crash	05/11/2014 17:32:37	I-75 Southbound, Beyond MM 389	2 right lanes blocked; jack-knifed semi; injury accident; transported to Shands	3.2
