- I-75/US 441 Visibility Project – Some issues are still being worked out, but most devices are operational and working properly.
 - Ed mentioned that the normal messages being displayed on the two northbound DMS are confusing. Josh and Ryan to look into this.
- Fiber installation is ongoing on I-75 from SR 24 to Georgia. The project is ahead of schedule and should be completed by late fall. Devices will be installed after the fiber portion is complete.

- An upcoming public meeting will be held regarding the installation of a DMS southbound on US 441.
- Lt. Caulk asked if the TMC SOP included calling FHP dispatch to send a trooper to verify when ITS devices are reporting decreased visibility. Josh confirmed that it is.

Construction Project Update provided by Rebecca White, Public Information Officer

Rebecca was unable to attend the meeting, but provided the update through email.

- Interstate 75 Celebration Pointe - Up to two lanes closed nightly in each direction Sunday through Friday from 8 p.m. to 6 a.m. just north of Archer Road (Exit 384) for construction of the Celebration Pointe (Southwest 30th Avenue) overpass.
- Interstate 75 Columbia County line to U.S. 441 Resurfacing - Current work includes placing the final layer of asphalt. Lane closures are restricted to 7 p.m. to 7 a.m. Sunday through Thursday and daytime lane closures from 8 a.m. to 4 p.m. Monday through Thursday.
- Interstate 75 Exit 390 to Exit 399 Resurfacing and Interchange Improvements
 - The northbound outside lane and off-ramp to U.S. 441 at Exit 399 remains closed with traffic reduced to two-lanes from the old CSX railroad bridge to the U.S. 441 interchange in Alachua for pavement reconstruction. The lane and off-ramp are expected to reopen the week of April 25.
 - An additional right turn lane to Northwest 39th Avenue from the northbound off-ramp at Exit 390 is scheduled to open Monday to allow more capacity on the ramp.
 - Resurfacing continues with nighttime lane closures from 8 p.m. to 6 a.m. Sunday through Thursday.
- Interstate 75 ITS Archer Road to Georgia - Current work includes installing pull boxes and mow pads. Daytime emergency lane closures as required.
- State Road 26-Newberry Road West of I-75 to Southwest 38th Street Resurfacing - Current work includes earthwork stabilization east of Northwest 43rd Street and sidewalk and drainage work. There are lane closures from 8 a.m. to 8:30 p.m. Sunday and from 8:30 p.m. to 6 a.m. Sunday through Friday.

- U.S. 41 in Newberry - Current work includes widening and adding a left turn lane south of Southwest 15th Avenue with daytime lane closures from 8:30 a.m. to 5:30 p.m.
- Josh mentioned freight studies that are underway due to projected growth of freight throughout the area.
- Josh also spoke about the future of Express Lanes. There is now a statewide decree stating if FDOT adds lanes to an interstate, they must be tolled.

Agency Reports facilitated by Josh Reichert

- Fire/Rescue
 - Larry Stewart mentioned that 18 new employees will be starting May 11th.
- FHP
 - Captain Tierny stated that he could not get in touch with DBi last night. It was indicated that this was an issue with the on-call cellphone and it has been fixed.
 - FHP is running low on staff to be able to do hirebacks due to the large number of projects.

- Staffing is still an issue and the next Academy class isn't scheduled to graduate for another 6 months.
- Lt. Caulk asked about RISC. Josh responded that the contract letter was signed by Dave's Hi-Way Towing yesterday so RISC should be available soon.
- Lt. Caulk also mentioned that this will be his last TIM meeting as he will be transferring to Lake City.
- Local Police/Sheriff's Offices – Nothing to report.
- Maintenance/Asset Management
 - There has been an increase in debris left at incident scenes after everyone has left. If FHP and others can try to get the towing agencies to clean up before leaving this would help. It was noted that many of the crashes with debris left behind are unreported or occur at night.
- Environmental/HAZMAT – Nothing to report.
- Medical Examiner – Not in attendance.
- Towing/Wrecker – Nothing to report.
- City of Gainesville – Not in attendance.
- Forestry
 - Jamie Rittenhouse gave a report for Alachua and Bradford Counties. Since the last meeting there have been 12 wildfires in Alachua County for a total of 98 acres, and 12 fires in Bradford County for a total of 48.8 acres. In Alachua County, there have been 634 authorized burn piles, and 470 authorized fires for a total of 8,665 acres. In Bradford County, there were 80 authorized burn piles, and 110 authorized fires for a total of 1,405 acres.

Incident Debrief led by Josh Reichert

- Incident Discussed: March 25th I-75 NB – Inside and center lanes closed due to a two vehicle crash with one vehicle overturned.
 - Lt. Caulk spoke about the difficulties encountered. The original tow company had to fight significant traffic and once on-scene had an improperly trained operator. Dave's Towing was called to respond and had to deal with even more traffic to get to the scene. Once Dave's Hi-Way Towing arrived they were able to get two lanes opened fairly quickly. Full closure for about 3 ½ hours but the incident lasted 10 hours.

Closing Remarks

- Josh reiterated that the FHWA Team Assessment scoring will be changed this year.
- If anyone is interested in the SHRP 2 Incident Management Training Course please contact Craig Carnes at ccarnes@metriceng.com. He will work with any agencies' schedules, including nights and weekends to make the training course available. He is able to conduct training for groups of ten or more students.
- Dave's Hi-Way Towing will be on the RISC contract soon.
- There was a discussion of where future TIM Team meetings could be held in the near future. If anyone has any ideas, please contact Josh. Jamie Rittenhouse offered to hold the meetings at his building.
- Next Alachua/Bradford Traffic Incident Management Team meeting will be June 8, 2016 at the FDOT Gainesville Operations Office – 5301 N.E. 39th Ave., Gainesville, Florida.
