

Alachua/Bradford TIM Meeting

Wednesday, October 11, 2017

Meeting Minutes

The list of attendees, agenda, and meeting handouts are attached to these meeting minutes.

Introductions and TIM Updates

- Dee Dee Johnson opened the meeting and welcomed everyone.
- The purpose of this meeting is to improve Communications, Coordination, Cooperation and Collaboration between all TIM agency partners.
- Attendees introduced themselves to the group.
- The August 2017 Alachua/Bradford TIM Team Meeting Minutes were sent to the Team previously and stand as approved.

Emergency Operations Update provided by Ed Ward

- The EOC is still heavily involved with performing hurricane recovery duties from Irma.
- Ed has been coordinating with counties and locals to make sure cleanup efforts go smoothly throughout the District.
- There was some minor damage throughout the District in comparison to other areas, but the recovery efforts have been challenging due to shortages of personnel and equipment.

Team Discussion Regarding Hurricane Irma

- The bridge at CR 218 in Clay County, along with four other bridges in the District 2 area experienced severe scouring and are in need of repairs.
- US 441 in the Paynes Prairie has been closed due to flooding. It was noted that this area is being watched extremely carefully due to rising waters.
- There was also water over the 4' boundary fence on I-75 within the Paynes Prairie area. This is causing extreme distress and it is allowing alligators to swim over the fence and onto the roadway. A silt fence was placed along the road to stop them from accessing the road.

ITS, 511 and RTMC Update provided by Craig Carnes, TMC Consultant Project Manager

- The I-75 project is going well. ITS devices are being installed from SR 24 to the Georgia Line. This project should be completed by June 2018, but is currently ahead of schedule.
- Fiber is being installed on the I-10 project from Jacksonville to Tallahassee. This project is expected to be completed by the end of this year.
- In the upcoming months, there will be another construction contract LET for ITS devices on I-10.
- Road Rangers will be implemented in the Gainesville area by the next budget year, possibly sooner.
- Ryan Crist noted that tweaks will be made to 511 in the coming months.
- Pete mentioned that video sharing through Activu is available during major events, such as hurricanes. If anyone needs to access this, please coordinate with Dee Dee.

Incident Debrief – (Ed Ward’s List attached)

- The Team discussed several incidents.
 - The accident on September 1st on I-75 southbound at MM 382 southbound where lanes were closed due to a crash between 2 cars, which were then struck by a semi.
 - The accident on August 20th I-75 southbound at CR 234 was caused by an injury rollover resulting in the right shoulder being blocked.

I-10/I-75 Projects and Vision Presentation by Peter Vega

Pete provided a PowerPoint presentation breaking down the I-10/I-75 projects, and the visions for the projects.

Gainesville Operations Update Presentation by Emmanuel Posadas

Emmanuel provided a Gainesville Operations update PowerPoint presentation.

Agency Reviews – Open Forum

- There will be a rally held in Gainesville on October 19th. Several groups of demonstrators are expected to attend. SW 34th Street will be closed from SW 20th Avenue through Radio Road from 10 a.m. until early evening.
- Jamie Rittenhouse provided a forestry report for Alachua and Bradford Counties. Since the last meeting there have been 1 wildfire in Alachua County for a total of 0.1 acres, and no wildfires in Bradford County. In Alachua County, there have been 601 authorized burn piles, and 398 authorized fires for a total of 115 acres. In Bradford County, there were 135 authorized burn piles, and 73 authorized fires for a total of 40 acres.

Closing Remarks

- The RISC debrief meeting will be held directly after this meeting.
- If anyone is interested in setting up a SHRP2 Incident Management Training Course, please contact Craig Carnes at ccarnes@metriceng.com. He will work with any agencies' schedules, including nights and weekends to make the training course available. He can conduct training for groups of 10 or more students.
 - There is also an online SHRP2 course available. Dee Dee will send out links for the online module.

- The next Alachua/Bradford Traffic Incident Management Team meeting will be December 13, 2017 at the FDOT Gainesville Operations Office – 5301 N.E. 39th Ave, Gainesville, Florida.
