- The Overland Bridge project is expected to be completed by May 2018.

#### **Construction Project Update by Ron Tittle**

1. The Hart Bridge will be closed December 2<sup>nd</sup> and 3<sup>rd</sup> for construction.

- There are still issues with speeding on JTB at I-295.

### **ITS Update by Craig Carnes**

- The I-10 project installing Fiber Optic Cable (FOC) from US-90 in Tallahassee to Jacksonville is ongoing. The project is moving along very well and should be finished by the end of the year. The project was originally projected to be complete June 2018. The FOC being installed under this project will be utilized by another ITS project which will start in the fall and will install ITS devices on I-10 from US-90 in Tallahassee to Jacksonville.
- The I-95 ITS Project in Nassau County should start in the fall. This project will complete the I-95 portion of the fiber optic network in District 2.
- All interstates within D2 will have ITS components within 1.5 years. This underscores how important it is to have coordination between Construction and ITS to ensure infrastructure is not damaged.
- Please notify DOT if a ITS device pole is struck or damaged.

### **511 and RTMC Update by Ryan Crist**

- Ryan introduced the new TMC supervisor, Amanda Nichols.
- Work is ongoing to get more ITS coverage into St. Johns County.

    - The incident was very lengthy due to the rain and the animals.
    - The vehicle was approximately 100 feet into the woods.

- Team members questioned whether or not they could have left the vehicle and come back at a later time. The TMC should have been notified so that the team could have made a decision on the incident.

  - BroadSpectrum arrived at the incident and was turned away by JSO. No MOT was requested. District Commander Dubois and BroadSpectrum to sit down after the meeting to discuss state roads and city road limits.
- Two incidents occurring on November 23<sup>rd</sup> and 24<sup>th</sup> on I-95 in St. Johns County north of the SR 207 overpass were discussed.
  - On November 23<sup>rd</sup>, a semi caught fire in a travel lane. No one was notified, and the semi was left there overnight. A secondary incident occurred on November 24<sup>th</sup> due to the semi that was left. Dee Dee will check into this.
