

Alachua/Bradford TIM Team Meeting

February 13, 2019

Meeting Minutes

The list of attendees, agenda, and meeting handouts are attached to these meeting minutes.

Introductions and TIM Updates provided by Dee Dee Crews, D2 ITS Operations Project Manager

- Dee Dee Crews opened the meeting and welcomed everyone.
- The purpose of this meeting is to improve Communications, Coordination, Cooperation and Collaboration between all TIM agency partners, as well as to improve safety and congestion on the highways.
- Attendees introduced themselves to the group.
- The December 2018 Alachua/Bradford TIM Team Meeting Minutes were sent to the Team previously and stand as approved.

Emergency Operations Update provided by Ed Ward

- There is very little to report at the moment other than preparing paperwork and reimbursements from Hurricane Michael.
- The EOC is currently updating plans and procedures with lessons learned from Hurricanes Michael, Matthew and Irma.

ITS, 511 and RTMC Update provided by Sherrell Lall and Jason Evans

- I-75 has some final repairs at the GRU washout at Newberry. Currently, 1 CCTV and 2 MVDS are down from this. There is a switch going through the RMA process, but a spare was installed to avoid outages. This project is currently in the warranty phase. Travel time verification was performed on the DMS and some minor adjustments are being made.
- The I-10 project is undergoing MVDS testing and will have 5 ESU detectors. MVDS testing is ongoing as the contractor works east to west.
- The District 2 Truck Parking Availability System (TPAS) project is waiting for the plans to be reviewed for construction. Work should pick up quickly there.
- Work will take place at the northbound and southbound rest areas for installation of the CivicSmart system which includes pucks in the ground, WAPs, CCTVs, fiber installation, MVDS, and upstream DMS with spots available.
- The Columbia northbound rest area DMS will be located in Alachua County as well (MM 406).
- The telephone portion of FL 511 will be phased out by the end of the year. It will be kept as a backup for emergencies such as hurricanes and other natural disasters. The app is much better and is voice activated. Commuters can create personalized routes that will alert them to traffic, incidents, etc.

Incident Debrief

The Team discussed the following:

- 12/27/18 on US 301 northbound at CR-18: The RTMC dispatch instructions were confusing because the call was received as CR 218 instead of CR 18. Jason stated that he will get with the operators to make sure they say which county the incidents take place in when dispatching.
- The medical examiner thanked everyone for their assistance with the multiple incidents with fatalities on I-75.

- Chris Dolan mentioned that a dump truck hit a mast arm on the University of Florida's campus. No injuries were reported.

Road Rangers Update provided by Dee Dee Crews

- The Road Ranger trucks have been wrapped with the new sponsor, State Farm. They are bright and more reflective, especially at night.

Agency Reviews/Open Forum

- Ed mentioned the following dates for upcoming FHWA Updates and Reimbursements meetings:
 - April 11th – Lake City
 - April 16th - Alachua/Bradford
 - April 17th – Jacksonville
- Larry Stuart noted that David Torsell is the interim Emergency Management Director.
- Michael Goodman mentioned the medical examiner has a new office located at 3217 SW 47th Ave.

Closing Remarks

- The RISC debriefs will be postponed until the next Alachua/Bradford TIM Team meeting. Many of the Team members who were unable to attend today's meeting were involved with the incidents, so the Team collectively decided it would be best to hold off until the next meeting.
- If anyone is interested in setting up a SHRP2 Incident Management Training Course, please contact Craig Carnes at ccarnes@metriceng.com. He will work with any agencies' schedules, including nights and weekends to make the training course available. He can conduct training for groups of 10 or more students.
- The next Alachua/Bradford Traffic Incident Management Team meeting will be April 10th at the FDOT Gainesville Operations Office – 5301 N.E. 39th Ave, Gainesville, Florida.
