

# Alachua/Bradford TIM Team Meeting

## February 12, 2020

### Meeting Minutes

*The list of attendees, agenda, and meeting handouts are attached to these meeting minutes.*

#### **Introductions and TIM Updates provided by Dee Dee Crews**

- Dee Dee Crews opened the meeting and welcomed everyone
- Attendees introduced themselves to the group.
- The purpose of this meeting is to improve Communications, Coordination, Cooperation and Collaboration between all TIM agency partners, as well as to improve safety and congestion on the highways.
- The December Alachua/Bradford TIM Team Meeting Minutes were sent to the Team previously and stand as approved.

#### **Emergency Operations Update provided by Ed Ward**

- Ed was unable to attend the meeting.

#### **ITS Update/ITS Projects – 511/RTMC by Jason Evans**

- The I-10 Project from SR 23 to Tallahassee is ongoing. There are working cameras and DMS East of I-75. The devices West of I-75 are expected to be up and running May or June of this year. This project completes the ITS deployment on all interstates in the entire state of Florida.
- The District 2 Truck Parking Availability System (TPAS) project is ongoing and will be available to view on FL 511.
- The Integrated Voice Recognition (IVR) feature of FL 511 will be phased out by June 1, 2020. The IVR is the phone option for FL 511.

**Incident Debrief**

- The Team discussed the incident that occurred on December 15<sup>th</sup> on SR 26. The Westbound lanes were opened fairly quickly, but the Eastbound lanes were kept closed longer so the power company bucket trucks had plenty of room to repair the multiple downed power poles and lines.

**Performance Measures Presentation by Jason Evans**

- Jason provided the Team with a Performance Measures presentation.

**Road Rangers Update provided by Dee Dee Crews**

- Dee Dee reviewed the number of Road Ranger assists in Alachua County during from January 2019 to December 2019.
  - The Road Rangers responded to 5,478 events.
    - 342 of these events were crashes.
    - 4,293 were disabled vehicles.
    - 547 were debris events.
  - There are usually multiple activities within each event.
    - There were 15,059 activities performed in 2019.
- All 4 routes in Alachua County may soon be 7 days a week, from 7 a.m. to 7 p.m.

**Agency Reviews/Open Forum**

- Jason mentioned an incident that occurred in Baker County on CR 310 where a large box truck rear-ended a dump truck. All lanes were blocked and one of the drivers requested to use his own wrecker, which the FHP trooper allowed. Once the wrecker arrived, he was unable to move the vehicle because it was too big. The rotational wrecker was then called. This caused a 4-4 ½ road blockage that could have been half the time if the rotational wrecker would have been called first. Jason asked what the policy is regarding this. FHP responded that drivers can request their own wreckers, but if that wrecker takes a long time, FHP can let them know a rotational wrecker will need to be called.
- The RISC contract will be advertised within the next few months.

**Closing Remarks**

- Dee Dee, Jason, and Craig are all trained to provide the SHRP2 Incident Management Training Course. If you are interested in this training, please contact Craig Carnes at [ccarnes@metriceng.com](mailto:ccarnes@metriceng.com). They will work with any agencies' schedules, including nights and weekends to make the training course available. They can conduct training for groups of ten or more students.
- The RISC debrief meeting will be held directly after the TIM meeting. Anyone involved in any RISC events are asked to stay and attend to discuss.
- The next Alachua/Bradford Traffic Incident Management Team meeting will be April 8<sup>th</sup> at the FDOT Gainesville Operations Office – 5301 N.E. 39th Ave, Gainesville, Florida.
