Meeting Minutes

The list of attendees, agenda, and meeting handouts are attached to these meeting minutes.

****For the health and safety of everyone, this meeting was held virtually to adhere to COVID-19 safety guidelines.***

Introductions and TIM Updates

- Dee Dee Crews opened the meeting and welcomed everyone.
- Dee Dee stated the purpose of the meeting is to partner together to reduce incident scene clearance times, to deter congestion, and improve safety for everyone on the roadway.
- The January 2022 First Coast TIM Team Meeting Minutes were sent to the Team previously, and receiving no comments, they stand as approved.

Your 10 & 95 Project Updates by Tim Heath

- Decorative hand railing is being installed on the Shared Use Path (Pedestrian Bridge).
- Work is continuing on the Ramp T Bridge (I-95 Northbound to I-10 Westbound).

Construction Project Update by Darryl Goss

- There will be detours on San Pablo at JTB as part of the Diverging Diamond Interchange project. Both directions of San Pablo will be closed underneath JTB, so traffic will have to travel on JTB to Hodges and make a U-Turn to get back off.

ITS Update/ITS Projects/511/TMC Updates by Craig Carnes and Jason Evans

- The TPAS (Truck Parking Availability System) project is completed in regard to construction, however, there are issues with the sensors and FDOT is working with the vendor to get these issues corrected.
- There is an ATMS project on the Buckman Bridge that is combined with the chain of signage on the West Beltway Expressway area. The original contractor went out of business so the bonding agency took over and got a new contractor on board.
- The FL511 website has had significant updates. Users can search by location and zoom in on the map to show traffic directly at the area searched. Links have also been added for neighboring 511 traffic information centers in our neighboring states.
- Central Office is currently in the process of a major update to the FL 511 app. The big push right now is to make the app as hands free as possible to make it safer to use while driving.
- The RTMC is preparing for Hurricane Season.

Performance Measures Presentation by Jason Evans

- Jason provided the Team a Performance Measures presentation.

Incident Review Presentation by Gerald Smith

- Gerald provided the Team with an Incident Review presentation.

Incident Debrief

- Dee Dee encouraged the Team to discuss any of the incidents on the list, but there were no comments or questions.

Announcements

- The next meeting is scheduled for May 17th at 10 a.m. and will hopefully held in person. Updates for in person meetings will be sent out with the TIM Team meeting reminders.
- If anyone needs anything or has any questions, please contact Dee Dee Crews at DeeDee.Crews@dot.state.fl.us or (904) 903-2009.

MEETING ADJOURNED

MISSION: The Florida Department of Transportation District 2 Traffic Incident Management Teams through partnering efforts strive to continuously reduce incident scene clearance times to deter congestion and improve safety. The Teams’ objective is to exceed the Open Roads Policy thus ensuring mobility, economic prosperity, and quality of life.

VISION: Through cooperation, communication and training the Teams intend to reduce incident scene clearance times by 10% each year.
