MEETING ADJOURNED

MISSION: The Florida Department of Transportation District 2 Traffic Incident Management Teams through partnering efforts strive to continuously reduce incident scene clearance times to deter congestion and improve safety. The Teams' objective is to exceed the Open Roads Policy thus ensuring mobility, economic prosperity, and quality of life.

VISION: Through cooperation, communication and training the Teams intend to reduce incident scene clearance times by 10% each year.

First Coast TIM Team Meeting

Tuesday, January 16th, 2024

Meeting Minutes

The list of attendees, agenda, and meeting handouts are attached to these meeting minutes.

Introductions and TIM Updates

- Dee Dee Crews opened the meeting and welcomed everyone
- Dee Dee stated the purpose of the meeting is to partner together to reduce incident scene clearance times, to deter congestion, and improve safety for everyone on the roadway.
- The November 2023 First Coast TIM Team Meeting Minutes were sent to the Team previously, and receiving no comments, they stand as approved.

Construction Project Update: Hampton Ray

- The resurfacing project on Southside Boulevard has begun, work is starting from the south end and moving towards the north end
- There are directional lane closures this weekend on the Matthews Bridge for steel rehabilitation
- The Shands Bridge will see flagging operations for three consecutive weekends beginning in February to work on the steel plate

Emergency Operations/Maintenance Operations Update: Lola Butler

- The Emergency Operations Center is currently in the process of redoing their winter weather plans
- Debris cleanup on County Roads is still taking place in the western side of the District
 - Taylor County and Suwannee County are the only two counties with remaining debris and they are hoping to be completed with these two counties soon

ITS Update/ITS Projects/511/TMC Updates: Derrick Odom

- Derrick advised that the RTMC is working with a contractor for advanced rail notifications
 - There are 10 systems that will alert in SunGuide®, which will subsequently post on DMS to warn drivers of rail closures
 - The hope is these notifications will be up and running within the next year
- The FL511 app has been updated, and Derrick advised that if you have the previous version downloaded, to either delete and redownload the app, or to go into your respective App Store and update the app manually

Performance Measures Presentation: Taylor Rouse/Gerald Smith

- Taylor Rouse and Gerald Smith provided the Team with the Performance Measures Presentation.

Incident List: Team

- The event that occurred on US-17 at San Juan Avenue on 11/25 involved a JSO investigation due to a JSO cruiser being involved in the crash, contributing to an increased incident duration

- The event on the I-295 W NB Ramp to I-95 on 12/25 involved a tractor trailer that was hauling wine. The trailer was broken in half due to the accident, subsequently spilling wine on the roadway, contributing to the long incident duration.

Open Forum: Team

- Dee Dee advised the team that the Express Lanes Road Rangers are now constantly patrolling on Monday-Friday from 6:00 AM – 7:00 PM, rather than being staged
 - The vehicle is now a 550 Tow Truck, and will still be performing safe tows, but potentially not as frequently
- Dee Dee also advised that the RTMC is hoping that the Matthews Bridge Road Ranger should be back in service within the next week

Announcements

- Next meeting to be held on Tuesday, March 19th, 2024, in the TPO boardroom
 - At this meeting, the Team will be utilizing a new sign-in method which includes a QR code that can be scanned, and all necessary information can be filled out on a phone
 - A blank sign-in sheet will still be provided
- If anyone needs anything or has any questions, please contact Dee Dee Crews at DeeDee.Crews@dot.state.fl.us or (904) 903-2009.
