

TRAINING ANNOUNCEMENT

12 Hour Train-the-Trainer Course

Why is this important? On average...

5 firefighters are struck and killed each year

1 police officer is struck and killed each month

1 tow operator is struck and killed each week

at or near traffic incidents.

The Strategic Highway Research Program (SHRP 2) developed a program, by responders—for responders, with the objective that nationally, responders acquire a common set of core competencies for traffic incident management. The safety of responders and motorists, quick response, and effective communications at traffic incident scenes are highlighted. The Federal Highway Administration is pleased to bring it to Northeast Florida as part of a national rollout.

The target audience for this class is Fire, Police, EMS, FDOT, Towing, and Traffic Management Professionals. The candidates should be individuals who will bring the program back to their organization and train additional personnel in a condensed, 4-hour version of the product.

June 17 & 18, 2013

Day 1 8:30 am to 4:30 pm—Day 2 8:30 am to 12:30 pm

FDOT Urban Office Training Center

2198 Edison Avenue

Jacksonville, Florida 32204
