

Training Announcement

4 Hour Incident Management Training

Why is this important? On average...

- 5 firefighters are struck and killed each year
- 1 police officer is struck and killed each month
- 1 tow operator is struck and killed each week

at or near traffic incidents.

The Strategic Highway Research Program (SHRP 2) developed a program, by responders—for responders, with the objective that nationally, responders acquire a common set of core competencies for traffic incident management. The safety of responders and motorists, quick response, and effective communications at traffic incident scenes are highlighted.

The target audience for this class is Fire, Police, EMS, FDOT, Towing, and Traffic Management Professionals. Attendees will learn important lessons and be reminded of important safety principles they may already know regarding the dangers emergency responders face every day.

DATE: Thursday March 5th, 2015

TIME: 9 AM – 1 PM

LOCATION: Gainesville Operations Office
5301 NE 39th Ave.
Gainesville, Florida 32609
