

Alachua/Bradford TIM Meeting

February 14, 2017

Meeting Minutes

The list of attendees, agenda, and meeting handouts are attached to these meeting minutes.

Introductions and TIM Updates provided by Dee Dee Crews, D2 ITS Operations Project Manager

- Dee Dee Crews opened the meeting and welcomed everyone.
- The purpose of this meeting is to improve Communications, Coordination, Cooperation and Collaboration between all TIM agency partners, as well as to improve safety and congestion on the highways.
- Attendees introduced themselves to the group.
- The December 2017 Alachua/Bradford TIM Team Meeting Minutes were sent to the Team previously and stand as approved.
- Dee Dee introduced Alex Varela as the new FDOT D2 ITS Operations Manager, replacing Josh Reichert's position.

Emergency Operations Update provided by Ed Ward

- The EOC has mainly been working on reimbursement paperwork for Hurricane Irma. District 1 and District 6 was hit the hardest by the hurricanes and are still recovering.
- After Irma, the Santa Fe River was monitored for possible flooding. Since then the threat to FDOT assets has receded, but is still being monitored, especially in the Fort White Area.
- Discussion of generators and the process of distributing them is a priority for FDOT prior to the next emergency situation.

ITS, 511 and RTMC Update provided by Ryan Crist, D2 TMC Manager

- Finishing the splicing project in Lake City to be able to see all cameras from the Lake City HQ building and Lake Jeffery Ops.

- Fiber has been installed on the I-10 project from Jacksonville to Tallahassee. The contractor has until June to complete CCTV installations in order to receive the bonus. The entire project has expected completion date in 2019.
- I-75 project from Alachua county line to SR-121 and Georgia state line should be nearing completion.
- Working to meet Pete's goal of having D2 West, Gainesville TMC built in 5 years, operating 24/7.
- Viewed presentation of app by 511 for testing and feel progress is being made.

Incident Debrief – (Ed Ward's List attached)

- Accident on January 14th on S.R. 100 at Lakewood Dr. in Bradford county. A single vehicle crash into a retention pond.
- Chris Gilbert, with DEP reiterated not to forget to call them. He first event on the list, they did not receive a call until 2 hours into the event. Ultimately, this lengthens the incident timeline. Things have improved since the last meeting when TMC implemented a new procedure to contact Chris directly for Alachua RISC calls.
- Dee Dee asks for notification of incidents on roadways that are out of the ordinary to improve communications.
- Case numbers can no longer be provided by the TMC. Responders should work through FHP (not Laura at this time) FDOT and FHP will look into the case number issue. DEP and AM contractors brought up the concern.

US-441/Paynes Prairie Update provided by Steve Scanlan

- After Irma hit, there was an unexpected rapid increase of water elevation in the prairie.
- Initially, all lanes across US-441 were closed due to severe flooding.
- As flooding receded, gradually opened up inside lanes. Kept both outside lanes closed. Outside lanes have lost strength due to limestone base. Will continue to test lanes for improvement.
- Sluice gates on the prairie are non-operational, however crews were able to close gates. Plans are being made to replace beams due to rusting to restore functionality.
- Gates have been closed since October 13th allowing water to slowly recede.

Road Rangers Update

- Road Rangers will be in place on I-75 from CR-234 through US-441. Planning to be in place by the middle of March.
- Trucks have been purchased and are currently being outfitted. Two Road Rangers will be on Patrol for that route.
- Road Rangers will be available seven days a week from 7am-7pm.

Agency Reviews – Open Forum

- Jamie Rittenhouse provided a forestry report for Alachua and Bradford Counties. In Alachua County, there have been 705 authorized burn piles, and 583 authorized fires for a total of 7,261 acres. In Bradford County, there were 156 authorized burn piles, and 108 authorized fires for a total of 1,326 acres.

Closing Remarks

- The RISC debrief meeting will be held directly after this meeting.

- Craig Carnes will be holding a SHRP2 Training Course in the Jacksonville TPO Board Room February 28th.
- If anyone is interested in setting up a SHRP2 Incident Management Training Course, please contact Craig Carnes at ccarnes@metriceng.com. He will work with any agencies' schedules, including nights and weekends to make the training course available. He can conduct training for groups of 10 or more students.
- The next Alachua/Bradford Traffic Incident Management Team meeting will be April 11, 2018 at the FDOT Gainesville Operations Office – 5301 N.E. 39th Ave, Gainesville, Florida.

MEETING ADJOURNED

MISSION: The Florida Department of Transportation District 2 Traffic Incident Management Teams through partnering efforts strive to continuously reduce incident scene clearance times to deter congestion and improve safety. The Teams’ objective is to exceed the Open Roads Policy thus ensuring mobility, economic prosperity, and quality of life.

VISION: Through cooperation, communication and training the Teams intend to reduce incident scene clearance times by 10% each year.
